Could Optimism be the Secret to Living a Longer, Happier Life?

Recent scientific research now confirms the secret ingredient to a longer life—an optimistic attitude. And there's even better news...anyone can learn to be more optimistic.

A Dutch study found that optimistic people live longer; in fact, almost 30% longer than pessimists. Scientists found an increased risk of cardiovascular disease, heart attack, stroke, and weakening of the immune system associated with pessimism.

Researchers at the Mayo Clinic, reporting on a 30-year study, found that optimistic people live about 19 percent longer than pessimists do. These findings come from studying 839 people living in Minnesota. The researchers found people classified as "optimists" had significantly better survival rates. Optimists were less likely to develop depression, sought medical help when needed, and took better care of themselves.

So how can you become more optimistic? Here are six tips for becoming a more optimistic person:

- 1. Set Specific Goals.** A study of happy people found they set goals and consistently take action.
- 2. Project A Cheerful Voice.** Research has shown people feel the emotion they are acting. Use a positive voice.
- 3. Use Positive Language.** Use upbeat words: *opportunity, challenge, recharging, success, can do, solution.*
- 4. Practice Good Posture.** Optimists have good posture, stand tall, walk briskly, and take big steps.
- 5. Focus on Solutions.** When a difficult situation comes up, focus on the solution, and put it into action.
- 6. Be A Role Model.** When you act as a role model for your co-workers, employees, family, and friends, you'll become more optimistic.

How To "Bake" A Clogged Drain

Instead of spending money on those harsh drain cleaners, try this homebrew solution: Sprinkle a half-cup baking soda down your drain. Then, add a half-cup white vinegar and cover the drain with a plate or lid for five minutes. Finally, pour five cups of boiling water down the drain. Voila! Your drain will clear.

Is Bigger Really Better?

Some people believe in mind over matter. And that health and wellness are all in the mind. But a study at Ohio State University proved this axiom may indeed be correct.

Subjects complaining of pain were given two treatment forms of the same medication: either three 200-milligram tablets, or one 600-milligram tablet. Even though the doses and medication were identical, participants reported better pain relief when they took the single, larger tablet.

Maybe bigger is better!

Love To Shop? You Could Get Paid To Do It

According to *ShopSmart* Magazine, there are more than 1.5 million secret shoppers across the country who help companies check out such things as the friendliness of sales people and wait times in a restaurant.

"If you enjoy shopping and want to make extra cash, mystery shopping might be worth a try," says Lisa Lee Freeman, Editor-in-Chief. "But be wary of scams and don't expect to make big money or receive lots of free stuff." *ShopSmart* offers these tips on how to get started:

- ◆ Don't get ripped off. Watch out for scams that come through e-mail, in newspapers or online.
- ◆ Find real jobs. Visit websites run by the Mystery Shopping Providers Association (www.mysteryshop.org) or Volition (www.volition.com), where secret shoppers go to find work.
- ◆ Sign up with as many companies as you can. If a company asks you to pay, decline and move on.
- ◆ Get certified. Consider getting a certificate from Smiley University at www.aboutfacecorp.com.
- ◆ Do a background check. Before taking an assignment, check out the company with the Better Business Bureau.
- ◆ Keep good records. Be sure to separate fees, which are subject to income tax, from reimbursed expenses, which typically are not. Get expert tax advice.

How much can you earn? Assignments usually pay around \$10 to \$25 or can be twice that if you need to have special expertise. Before you sign up, remember – products you buy as part of an assignment usually have to be returned!

Pet(s) of the Month

I'm Puki, the fluffy puppy on the left. I'm 6 months old. My big brother is Buddy and he is 6 years old. We live in Hawaii Kai. Our parent's Shelia and Michael Bass of Hawaii Kai adopted us from the Humane Society. Boy, did they get lucky!

Buddy and I are best friends. We share our food and bones. Both of us like scratches and backrubs. We love to romp together, and play in the yard. My big brother likes to sleep on his back and keep one eye open to guard me.

Gotta go, Buddy wants to play!

Famous Last Words...

If you're prominent in any field, be careful what you say. It just may become a famous quote...

- ✓ *"I'm just glad it'll be Clark Gable who's falling on his face and not Gary Cooper."* (Gary Cooper on his decision not to take the leading role in "Gone With The Wind.")
- ✓ *"Stocks have reached what looks like a permanently high plateau."* (Irving Fisher, Professor of Economics, Yale University, 1929)
- ✓ *"Everything that can be invented has been invented."* (Charles H. Duell, Commissioner, U.S. Office of Patents, 1899)
- ✓ *"Who the hell wants to hear actors talk?"* (H. M. Warner, Warner Brothers, 1927)
- ✓ *"This 'telephone-thing' has too many shortcomings to be seriously considered as a means of communication. The device is inherently of no value to us."* (Western Union internal memo, 1876)

Could It Possibly Be TRUE?

Could you imagine working at a company with a little over 500 employees where...

- ✓ 29 have been accused of spousal abuse...
- ✓ Seven have been arrested for fraud
- ✓ 19 have been accused of writing bad checks...
- ✓ 117 have bankrupted at least two businesses...
- ✓ Three have been arrested for assault...
- ✓ 71 cannot get a credit card because of their bad credit...
- ✓ 14 have been arrested on drug charges...
- ✓ Eight have been arrested for shoplifting...
- ✓ 21 are current defendants in lawsuits...
- ✓ In 1998 alone, 84 were stopped for drunk driving.

Can you guess what organization could possibly have this type of record over the course of its history? It's the 535 members of your United States Congress...the very same group that perpetually cranks out hundreds upon hundreds of new laws designed to keep the rest of us in line!

5 Tips For Saving A Bundle On Your Auto Insurance...

Do you remember the last time you shopped for auto insurance? If you can't remember, chances are you're paying too much. Insurance rates vary from category-to-category and from year-to-year. Unless you shop frequently, you could easily be paying double for the very same coverage. Here are five helpful tips you can use to cut insurance costs:

1. **Shop Around.** Most consumers seek insurance quotes from just one or two companies. To get the best rates, check at least four companies or agents. You can make comparisons at www.insweb.com.
2. **Consider A Higher Deductible.** Ask your agent to give you several deductible scenarios and compare the costs of each. *Consumer Reports* magazine reports that most people have a \$250 deductible on collision and comprehensive. And that's too low, given today's repair costs. With a \$1,000 deductible, for example, you can save as much as 40 percent on collision and comprehensive.
3. **Consider Your Car's "Profile."** Choose a safe car by checking safety records from the Insurance Institute for Highway Safety at www.iihs.org. A sports car will cost considerably more to insure than a family sedan. Drive a car that costs less to begin with, costs less to repair, and is less popular with thieves.
4. **Ask For Discounts.** Most consumers are unaware of the many discounts available to them. The Insurance Information Institute, at www.iii.org, lists many discounts you may not know about.
5. **Drive Safely.** Obviously, insurers give better rates if you've had no moving violations in the past three years. Completing a certified defensive-driving course can reduce your premium in some states.

Thought For The Month...

"Make the most of yourself, for that is all there is of you."

Ralph Waldo Emerson

Get A Hot Mama!

An 87-year-old man went to the doctor to get a physical. A few days later, the doctor saw the man walking down the street with a gorgeous young lady on his arm. A couple days later, when the old man had an appointment with the doctor again, the doctor said, "You're really doing great, aren't you?" The man replied, "Just doing what you said doctor, get a hot mama and be cheerful."

The doctor said, "I didn't say that! I said you've got a heart murmur, Be careful!!"

Next Time...Jewelry!

An extremely shy fellow once brought his date a bouquet of flowers. She threw her arms around him and gave him a great big kiss. After the kiss, the fellow turned and bolted for the door. "Oh! I'm sorry," she exclaimed, "I didn't mean to offend you." "You didn't," he replied, "I'm going out to buy you jewelry!"

Crazy Person Of The Month!

Virginia: A woman shopping at Wal-Mart paid with a personal check. The clerk asked to see some identification. The woman showed her West Virginia drivers license. The clerk grabbed it away from her and said, "If you're going to use a fake ID, you could at least use a real state!" The manager was called upon to verify West Virginia's statehood.

Real Estate Corner...

Q. What Things Should I Consider Before Making An Offer On A Home?

A. First, determine how much home you can afford. As a rule of thumb (and only a rule of thumb), you can afford to buy a home equal in price to about three times your gross annual income. More precisely, however, the price you can afford to pay for a home will depend on **six** factors: **1)** Your income; **2)** The amount of cash you have available for down payment, closing costs, and cash reserves required by the lender; **3)** Your outstanding debts; **4)** Your credit history; **5)** The type of mortgage you select; and **6)** Current interest rates.

The process of buying a home is much easier if you start out by getting pre-qualified or even pre-approved with your lender for a home loan. This amount will let you know how much home you can buy, and makes you a more credible buyer.
